In the event the parties enter into a separate supply agreement, the parties agree that such agreement shall take precedence over these Conditions in the event of a conflict;

"**Background IP**" means all Intellectual Property Rights that are owned by a party prior to the date of the Purchase Order, that are developed by a party outside the scope of the Agreement without relying on information received from the other party, or that are assigned or licensed to such party by a third party outside the scope of the Agreement;

1.2 Interpretation

A reference to a statute or statutory provision is a reference to such statute or provision as amended or re-enacted. Any phrase introduced by the terms "including", "include", in particular or any similar expression shall be construed as illustrative and shall not limit the meaning of the words preceding those terms. References to the singular include the plural and vice versa as the context admits or requires and a reference to writing or written includes emails.

1.3 Scope

These Conditions, together with the relevant Purchase Order and/or Agreement, set forth the terms and conditions for the supply of Services and/or the delivery of Goods by SUPPLIER to EUROAPI. These Conditions apply only in relation to a SUPPLIER, a legal entity under public law or a special fund under public law. These Conditions apply to and form an integral part of all requests for proposal, quotations, Purchase Orders to the exclusion of any and other (general) terms and conditions that (i) the SUPPLIER seeks to impose, incorporate, purport to apply or which are endorsed upon any correspondence or documents issued by SUPPLIER (irrespective of their date of communication to EUROAPI), or (ii) which are implied by law, trade, custom, practice or course of dealing. Receipt and/or unconditional acceptance by EUROAPI of (i) order confirmations of SUPPLIER deviating from the Purchase Order and/or Agreement, (ii) deliveries of Goods and/or Services, and/or (iii) making payment to SUPPLIER thereof, does not indicate an acceptance of the general terms and conditions of the SUPPLIER. EUROAPI expressly rejects the applicability of any other general terms and conditions or stipulations of SUPPLIER other than the Conditions specified herein, unless explicitly agreed in writing by EUROAPI. This shall apply in any case, even if EUROAPI, being aware of the SUPPLIER's general terms and conditions, allows the performance/delivery of the Goods or Services to be carried out without reservation.

2 PURCHASE ORDER

2.1 Purchase Order Formalisation and Acceptance

The Purchase Order constitutes an offer by EUROAPI to purchase the Goods and/or Services from SUPPLIER in accordance with these Conditions and will be binding on parties at SUPPLIER's acceptance. The Purchase Order and these Conditions shall be deemed to be accepted by SUPPLIER on the earlier of: (a) SUPPLIER issuing a written acceptance of the Purchase Order; or (b) any act by the SUPPLIER consistent with fulfilling any part of the Purchase Order, at which point, and on which date the Agreement shall come into full force and effect. If the Purchase Order has not been accepted by SUPPLIER as set forth above within 3 weeks after having received the Purchase Order, EUROAPI is no longer bound to the respective Purchase Order.

EUROAPI shall be under no responsibility to accept delivery of, or pay for, Goods or Services for which a Purchase Order has not been properly provided by EUROAPI. Deliveries of supplies other than in accordance with a Purchase Order may (at EUROAPI's option) be returned to the SUPPLIER at the SUPPLIER's expense and risk.

2.2 Order Modification

Any changes by SUPPLIER to the Conditions and/or the Purchase Order and/or Agreement are binding only, if explicitly accepted by EUROAPI in writing.

3 PRICES

3.1 SUPPLIER shall deliver the Goods and/or perform the Services against the price(s) mentioned in the Agreement. Unless expressly stated and agreed to the contrary in writing by EUROAPI, prices are (i) fixed and firm, (ii) given in the currency specified in the Purchase Order, (iii) exclusive of any Value Added Tax, but (iv) inclusive of all other taxes, duties, levies, fees (including license fees), charges and inclusive of all costs of all packaging, delivery and insurance (if applicable under the relevant Incoterms). Any increase in the price for any reason shall be subject to the express prior written consent of EUROAPI.

If the object of the Services is the completion of work or results covered by Intellectual Property Rights, the price shall also include the transfer of these rights, as stipulated under Article 15.

3.2 After the occurrence of a Purchase Order, price increases and deteriorated sales conditions shall only become effective with EUROAPI's express written consent. For the avoidance of doubt, any price-increasing provisions in any of the SUPPLIER's terms do not apply to business relations between the EUROAPI and the SUPPLIER. The provisions of Sect. 313 BGB shall remain unaffected by this Article 3.2.

4 INVOICING AND PAYMENT TERMS

4.1 Invoicing

Provided the Goods and Services have been delivered to EUROAPI, payment will be made by EUROAPI to SUPPLIER for Goods and Services which fully comply with the Agreement. Invoices, complying with EUROAPI's required format, shall be issued by SUPPLIER to EUROAPI on or any date after the date that the Goods are delivered, or after the performance of the Service and acceptance by EUROAPI of the Deliverables, unless otherwise required by applicable law or the parties agree otherwise. The EUROAPI reserves the right to refuse any invalid invoice that does not include all statutory or contractual references and to return such invoices to the SUPPLIER.

4.2 Methods of payment

EUROAPI shall pay the SUPPLIER by bank transfer using the account details the SUPPLIER has previously provided, unless otherwise required by applicable law or the parties agree otherwise, within sixty (60) days, as from the invoice's date of issue provided and to the extent that the invoice is correct and not under dispute. Interest shall be payable, calculated on a daily basis, on any overdue payments, at an annual rate of 5% until all outstanding amounts are paid in full. In case an invoice is under dispute, SUPPLIER has no right to postpone its obligations.

5 DELIVERY, ACCEPTANCE AND PERFORMANCE OF THE AGREEMENT

5.1 Time

The SUPPLIER shall deliver the Goods, or perform the Services, within the schedule indicated on the Purchase Order and Agreement. Failing this, EUROAPI reserves the right to refuse the Goods and/or Service(s). Goods delivered outside specified times remain at the SUPPLIER's risk. Time shall be of the essence in relation to the performance of any and all of SUPPLIER's obligations pursuant to the Agreement. SUPPLIER guarantees that it will supply without delay and interruption the Goods and/or Services. SUPPLIER shall immediately notify EUROAPI of any foreseeable delay. In the event that delivery of the Goods or the performance of the Service(s) is delayed (s) with regard to the delivery or performance dates and deadlines set forth in the Agreement, EUROAPI shall be entitled to charge the SUPPLIER penalties to the amount of one per cent (1)% per week of delay, calculated on the total amount under the Agreement excluding tax and capped at five per cent (5)% of such amount under the Agreement. These penalties shall not constitute a final settlement and shall not in any way waive EUROAPI's right to compensation for losses suffered due to such delay. EUROAPI reserves the right, in the event of non-compliance with the delivery date for the Goods or the Services performance deadline drawn up under the Agreement, to automatically terminate or cancel the Agreement. In the event of partial delivery or performance, EUROAPI reserves the right to terminate the Agreement, while keeping the Goods already delivered or that part of the Services already performed against payment for the share of the corresponding price.

5.2 Acceptance of Goods and/or Services

Any delivery of Goods and/or Services shall be subject to provisional and/or definitive acceptance by EUROAPI, in order to verify conformity with the Purchase Order and Agreement.

5.3 Inspection of Goods

The statutory provisions (Section 377 and 381 German Commercial Code (HGB)) shall apply to the commercial duty to examine goods and give notification of defects, subject to the following proviso: EUROAPI's obligation to inspect is limited to defects that come to light during the incoming goods inspection by way of external examination including of the delivery documentation (e.g. transport damage, defective or short delivery) or that are detected in our quality control by random sampling. Where an acceptance procedure has been agreed there is no duty to inspect the goods. Otherwise, it depends on the extent to which an inspection is feasible considering the circumstances of the individual case according to the normal course of business. This shall be without prejudice to EUROAPI's obligation to give notification of defects discovered subsequently. Irrespective of EUROAPI's duty to examine the goods, complaint (notification of defects) is deemed to be immediate and on time where it is sent within fourteen working days from discovery or, in the case of obvious defects, from delivery.

5.4 Performance of the Agreement – Goods

5.4.1 Dispatch. The Goods shall be dispatched with the care required to guarantee their protection, in line with the standards and customs in force. The SUPPLIER shall draw up and attach to the consignment the various documents necessary for, in particular, export clearance operations. Unless explicitly agreed otherwise in the Purchase Order, the Goods shall be delivered according to Incoterm DAP (Delivered at place) at agreed destination for deliveries (Incoterm ICC, 2020).

5.4.2 Packaging. SUPPLIER will investigate potential environmental improvements to packaging and will, where practicable, use minimal packaging, recyclable packaging and recycled packaging materials. SUPPLIER shall ensure that packaging complies with all relevant legislative requirements. SUPPLIER shall package and label the Goods in a manner suitable for transit and storage so as to enable the Goods to reach their destination in good condition. Costly and re-usable packaging shall be taken back by SUPPLIER at no extra cost to EUROAPI.

5.4.3 Quantity. The quantity of Goods specified in the Agreement may not be changed without EUROAPI's prior written consent.

5.4.4 Documents. SUPPLIER shall timely provide EUROAPI with (copies of) all applicable licenses, documents, information, specifications, and instructions necessary for safe and proper transport, use, treatment, process, and storage of the Goods and, where applicable, Services and with all certificates of analysis/conformity as customarily supplied and in accordance with all applicable (inter)national laws.

5.4.5 Warranties. SUPPLIER shall ensure that the Goods shall:

- (i) be properly functioning,
- (ii) be in conformity with the agreed Specifications, description and requirements of the Agreement,
- (iii) be unused, of good materials and workmanship,
- (iv) be of satisfactory quality and free from any and all defects (including defects in design, material and workmanship), liens and encumbrances, pledge or right of retention, and in case the Goods which comprise computer hardware and/or software such software and hardware and any revision(s) thereto will not contain any computer virus or code that could be otherwise hostile, damaging or disabling to EUROAPI's existing information systems;
- (v) be suitable and fit for the intended purpose, and
- (vi) comply with all applicable statutory and regulatory requirements relating to the manufacture, labelling, packaging, storage, handling and delivery of the Goods, and

5.4.6 Inspection, testing, acceptance or payment does not release SUPPLIER from its obligations and warranties.

5.4.7 SUPPLIER's Remedy Obligation. In the case of Goods:

- (a) not conforming with the Agreement, and/or
- (b) are delivered unreasonably before or after the agreed delivery time, and/or
- (c) are delivered not in the agreed volume and/or quantity, and/ or
- (d) are delivered in inappropriate or damaged packaging and/or
- (e) contain other defect(s),

EUROAPI may, at its discretion, whether or not the Goods title has passed, and without limiting any of EUROAPI's any other statutory and contractual rights or remedies including its right to compensation for the losses and damages suffered as a result of SUPPLIER's non-compliance:

- (i) reject the Goods (in whole or in part) and return them to SUPPLIER at SUPPLIER's own risk and expense; and/or
- (ii) require SUPPLIER promptly to either repair or replace any and all Goods at the site of delivery or SUPPLIER's premises, whichever EUROAPI shall so determine, or to refund to EUROAPI any amounts paid in respect of any Goods which do not correspond with the Agreement (and repaired or replacement Goods shall themselves be subject to the obligations in the Agreement); if the Supplier does not fulfill its obligation of subsequent performance [*Nacherfüllung*] within the reasonable period set by EUROAPI, EUROAPI shall be entitled to remedy the defect itself at the sole cost of Supplier and/or
- (iii) in the case of incorrect delivery, require SUPPLIER to promptly reimburse EUROAPI in respect of any cost (including but not limited to freight, clearance, duty and storage charges) incurred by EUROAPI in delivering them to the correct point specified in the Agreement or subsequently advised in writing by EUROAPI; and/or
- (iv) purchase Goods elsewhere which, as nearly as practicable, conform to the Agreement (and any extra expense thus incurred shall be paid by SUPPLIER to EUROAPI on demand), provided that before exercising such right to purchase elsewhere EUROAPI shall give SUPPLIER a reasonable opportunity to replace rejected Goods with goods which conform with the Agreement; and/or
- (v) claim damages for any other costs, losses or expenses incurred by EUROAPI which are in any way attributable to SUPPLIER's failure to carry out its obligations under the Agreement, and/or
- (vi) immediately terminate the Purchase Order, or the Agreement or any portion thereof.

5.4.8 EUROAPI's rights specified in Article 5.3.7 above shall - deviating from Sect. 438 para. 1 No. 3 BGB - be exercisable by EUROAPI within a period of thirty-six (36) months or if applicable law provides for a longer term, as the case may be, within such longer period, after the date of acceptance or the date of first operational use, whichever date is later. Repaired or replaced Goods or parts will be warranted for another period of thirty-six (36) months or if applicable law provides for a longer term, as the case may be, for such longer period, from the repair or replacement date. If requested, SUPPLIER shall as far as possible leave these Goods in free use with its user until SUPPLIER has delivered Goods in replacement. The warranty period shall be extended by any period(s) during which the Goods have been out of operation due to the SUPPLIER. The 3-year limitation period shall also apply mutatis mutandis to claims arising from defects of title, whereby the statutory limitation period for third parties' in rem claims for return (*dingliche Herausgabeansprüche*) (Sect. 438 para. 1 No. 1 BGB) shall remain unaffected; in addition, claims arising from defects of title shall not become time-barred under any circumstances as long as the third party can still assert the right against EUROAPI - in particular in the absence of a limitation period.

5.4.9 In the event of a rejection (in whole or in part) in accordance with Article 5.3.7 above, EUROAPI shall notify SUPPLIER in writing, and the payment obligation in relation to any such delivery shall be suspended immediately.

5. 5. Performance of the Agreement - Services

5.5.1 Warranties. SUPPLIER shall ensure the good and satisfactory quality and the results of the Services. SUPPLIER shall perform the Services in accordance with:

- (i) good, safe and workmanlike fashion, state of the art,
- (ii) the agreed requirements, Deliverables, specifications, description and requirements of the Agreement,
- (iii) current industry standards code of practice and the highest standards prevailing in SUPPLIER's industry,
- (iv) observing all due skill, speed and care,
- (v) using proper and well-maintained materials, and
- (vi) lawfully employing sufficiently qualified and trained personnel.

5.5.2 SUPPLIER shall properly and timely instruct EUROAPI of any special use or treatment regarding the Services.

5.5.3 Rules Applicable in the Event of On-site Activities.

- (a) SUPPLIER's General Obligations. If any portion of the Services described in the Purchase Order or Agreement must be performed by the SUPPLIER's personnel or sub-contractors, on or near a site owned, run, or operated by EUROAPI, its affiliates, or its customers ("EUROAPI Premises"), the SUPPLIER hereby represents and warrants that it, and its subcontractors shall:
 - (i) comply with all instructions emanating from EUROAPI including those related to access, hygiene, safety, and environmental measures;
 - (ii) not disrupt daily business operations; and
 - (iii) immediately inform EUROAPI of any and all event(s) that may generate a risk for the environment, health and/or safety of EUROAPI's personnel and/or the equipment on the EUROAPI Premises.
- (b) Should SUPPLIER breach any of its obligations pursuant to this Article 5.4.3, EUROAPI may, at its sole discretion, and without prejudice to any other right it may have under these Conditions, or at law (i) request the immediate removal of any of SUPPLIER or its sub-contractor's personnel present on the EUROAPI Premises; (ii) immediately terminate the Purchase Order, or the Agreement or any portion thereof.

5.5.4 Only EUROAPI's written confirmation of acceptance of the Deliverables and Services shall constitute acceptance of the Services performed.

5.5.5 EUROAPI shall have the right exercisable during the performance of the Services to suspend any payment obligation in respect of the Services if the performance does not confirm in quality with any stipulations in the Agreement or if the performance is delayed. Such right shall be without prejudice to EUROAPI's right to terminate the Agreement and any other rights it may have.

5.5.6 SUPPLIER's Remedy Obligation. If the Services do not conform with the Agreement, EUROAPI shall have the right to, at its discretion, whether or not the Services have been accepted, and without limiting any of EUROAPI's any other rights or remedies including its right to compensation for the losses and damages suffered as a result of SUPPLIER's non-compliance:

- (i) refuse to accept any subsequent performance of the Services which the SUPPLIER attempts to make, and/or
- (ii) have any sums previously paid by EUROAPI to the SUPPLIER in respect of the affected Services refunded by the SUPPLIER, and/or
- (iii) purchase Services from elsewhere which, nearly as practicable, conform to the Agreement and any extra expense incurred in doing so shall be paid by SUPPLIER to EUROAPI, provided that before exercising any such right to purchase the Services from an alternative supplier EUROAPI shall give SUPPLIER an opportunity to replace such Services with Services which conform with the Agreement, and/or
- (iv) claim damages for any other costs, losses or expenses incurred by EUROAPI which are in any way attributable to SUPPLIER's failure to carry out its obligations under the Agreement, and/or
- (v) immediately terminate the Purchase Order, or the Agreement or any portion thereof.

5.6 The warranties and remedies specified in Articles 5.4, 5.5 and 15.3 are in addition to and not substitution for those warranties or conditions which are implied by, or available under, any law, whether statutory or otherwise and shall extend to EUROAPI's customers.

5.7 EUROAPI shall be entitled to the statutory claims for expenses and recourse within a supply chain (supplier recourse (*Lieferantenregress*) pursuant to Sect. 478, 445a, 445b or Sect. 445c, 327 para. 5, 327u BGB) without limitation in addition to the claims for defects. In particular, EUROAPI shall be entitled to demand exactly the type of subsequent performance (remedy or replacement) from the SUPPLIER that EUROAPI owes its customer in the individual case; in the case of Goods with digital elements or other digital content, this shall also apply with regard to the provision of necessary updates. EUROAPI's statutory right of choice (Sect. 439 para. 1 BGB) shall not be limited hereby.

5.8 Before EUROAPI acknowledges or fulfills a claim for defects asserted by a customer (including reimbursement of expenses pursuant to Sect. 445a para. 1, 439 para. 2, 3, 6 sent. 2, 475 para. 4 BGB), EUROAPI will notify the SUPPLIER and request a written statement, briefly explaining the facts. If a substantiated statement is not made within a reasonable period and if no amicable solution is reached, the claim for defects actually granted by EUROAPI shall be deemed to be owed to EUROAPI's customer. In this case, the SUPPLIER shall have the burden of proof to the contrary.

5.9 EUROAPI's claims from SUPPLIER recourse shall also apply if the defective Goods have been combined with another product or further processed in any other way by EUROAPIs, EUROAPI's customer or a third party, e.g. by incorporation, mounting or installation.

6 TRANSFER OF OWNERSHIP AND RISKS

6.1 The title of the Goods shall pass to EUROAPI upon delivery at the delivery point as stated in the Agreement and shall be unconditional and without regard to the payment of the price. However, if EUROAPI pays for any Goods prior to delivery, title shall pass to EUROAPI upon payment. Risk to in the Goods shall pass to EUROAPI in accordance with the agreed Incoterms. The title of the Deliverables of the Services shall pass to EUROAPI upon the creation of the Deliverables. Insofar as an acceptance (*Abnahme*) has been agreed, this shall be decisive for the transfer of risk (*Gefahrübergang*). In all other respects, the statutory provisions of the law on works contracts (*Werkverträge*) shall also apply accordingly to an acceptance. Neither payment by EUROAPI nor passing of title or risk in the Goods or the Services to EUROAPI shall be deemed to constitute acceptance of the Goods or the Services.

6.2 SUPPLIER expressly warrants that it has good and marketable title to the Goods and Deliverables of the Services supplied, including the right to grant EUROAPI Intellectual Property Right(s) under Article 15.

6.3 Material provided by EUROAPI shall remain the title of EUROAPI. If EUROAPI's material is processed, the title of EUROAPI shall extend to the new item. In the event of processing, combining or mixing with third-party items, EUROAPI shall acquire co-title in the ratio of the value of its material (purchase price plus VAT) to the third-party items at the time of processing, combining or mixing.

7 COMPLIANCE

7.1 SUPPLIER complies and will comply during the term of the Agreement with:

- (i) all applicable (inter)national laws, rules and regulations, standards and orders in connection with the performance of the Agreement, including all applicable laws, rules and regulations on international trade, labor (including without limitations the Minimum Wages Act (*Mindestlohngesetz*)), such as embargos, import and export control and sanctioned party lists,
- (ii) all laws and regulations applicable to health, safety and environment.
- (iii) Mandatory Policies,
- (iv) all regulations relating to environmental protection, and where this is applicable, any items or information pertaining to Installations Classées pour la Protection de l'Environnement (ICPE) (Facilities Requiring Environmental Impact Assessment), and
- (v) the REACH regulation (regulation no.1907/2006 of 18 December 2006 and CLP Regulation (regulation no.1272/2008 of 16 December 2008) any subsequent modifications) with regard to chemical substances contained in the Goods and products supplied/delivered/used/ under the Purchase Order and Agreement and shall provide EUROAPI with evidence of such compliance.

7.2 SUPPLIER holds any and all licenses, permits, end-user statements and any other documents, which are required by applicable law in the country of origin, of transit and of destination to perform its obligation(s) hereunder and will immediately notify EUROAPI of any legal restrictions it becomes aware.

8 LIABILITY AND INDEMNITY

8.1 Indemnification. SUPPLIER shall be liable for and hold EUROAPI and EUROAPI Group companies and their directors and employees ("**Indemnified Parties**"), harmless from and indemnify them against any and all costs and actual or contingent damage (including those incurred from condemnation, notably including lawyers' and consultants' fees, compensation, all ancillary costs), loss, injury/death, costs and claims suffered by or brought against the Indemnified Parties or any third party, resulting from or connected with (i) the Agreement, (ii) the use and/or sale of SUPPLIER's Goods by Indemnified Parties or any third party, (iii) the performance of the Services, (iv) the deployment of SUPPLIER's Services by Indemnified Parties or any third party, (v) any breach by SUPPLIER of its obligations hereinunder and/or the Agreement and/or of any statutory duty and/or (vi) any act or omission or negligence of SUPPLIER's employees, agents, contractors or sub-contractors, and/or (vii) any infringement or alleged infringement of Intellectual Property Rights for or relating to the Goods or the Services; except to the extent that such is caused by EUROAPI's willful misconduct or gross negligence. In particular, the

SUPPLIER shall indemnify EUROAPI against claims based on producer liability (*Produzentenhaftung*) and on the German Product Liability Act (*ProdHaftG*) to the extent that the cause giving rise to the liability lies within the SUPPLIER's or its suppliers' sphere of control and organization (*Herrschafts- und Organisationsbereich*).

8.2 Within the scope of its indemnification obligation, the SUPPLIER shall reimburse expenses pursuant to Sect. 683, 670 BGB arising from or in connection with a claim by third parties including recall actions carried out by EUROAPI and/or EUROAPI's customers. If there is any matter which may cause a safety risk to consumers arising from the Goods or a potential recall or withdrawal of any Goods (or EUROAPI products which contain the Goods) the SUPPLIER shall give advance notice to EUROAPI as soon as possible of any action EUROAPI or SUPPLIER is obliged to take and full details of the underlying issue. Except as required by law SUPPLIER shall not seek to commence any recall or withdrawal of Goods or EUROAPI products without the prior written consent of EUROAPI and/or EUROAPI's customer. Further legal claims shall remain unaffected.

8.3 SUPPLIER is fully liable for the correct and timely payment of all taxes and levies indebted in connection to the performance of the Agreement and will indemnify Indemnified Parties against all claims and damages relating to its obligations concerning taxes, contributions and any claims of third parties.

8.4 Limitation of Liability. IN NO EVENT SHALL EUROAPI BE LIABLE FOR ANY INDIRECT DAMAGES (INCLUDING LOST REVENUE, LOST PROFITS OR OTHER CONSEQUENTIAL, SPECIAL, PUNITIVE, EXEMPLARY OR INCIDENTAL DAMAGES) ARISING OUT OF OR IN CONNECTION WITH THE AGREEMENT WHETHER OR NOT EUROAPI WAS ADVISED OF THE POSSIBILITY OF SUCH DAMAGE.

9 INSURANCE

9.1 The SUPPLIER declares that it has taken out the insurance policies necessary to cover the financial consequences of the liabilities that it incurs while performing the Agreement, due to any physical injury, material and immaterial damage and losses, direct and/or indirect, which may occur because of or during the performance of the Agreement. The insurance coverage or the failure to maintain insurance shall not waive nor limit in any way the SUPPLIER'S responsibility and liability for its Goods delivered and Services performed to EUROAPI.

9.2 The SUPPLIER also undertakes to provide, upon EUROAPI's simple request, the certificates for the insurance policies that it has taken out in accordance with this Article and shall notify EUROAPI of any modification that might be made to the articles they contain, or the event of the suspension or termination of guarantees. This insurance must be maintained for the full term of the performance of the Agreement.

10 FORCE MAJEURE

10.1 Force Majeure Event. EUROAPI and the SUPPLIER shall not be liable for breaches or delays in the performance of their obligations potentially due to an event beyond such Party's control, without its negligence and that by its nature could not have been foreseen or, if it could have been foreseen, was unavoidable (which events may include pandemics, epidemics, natural disasters, embargoes, explosions, riots, wars or acts of terrorism) ("**Force Majeure**"). The late supply or non-supply of materials, labor or utilities or internal strike or action or cyber-attacks by SUPPLIERS or its suppliers shall not be deemed a Force Majeure event.

10.2 Notification. A party suffering a Force Majeure shall notify the other party in writing as soon as reasonably practicable, specifying the cause of the event, the scope of commitments under the Purchase Order and Agreement affected by the event, and a good faith estimate of the time required to restore full performance.

10.3 Mitigation. Any party claiming a Force Majeure shall use reasonable diligence to remove the condition that prevents performance and shall not be entitled to suspend performance of its obligations in any greater scope or for any longer duration than is required by the Force Majeure. Each party shall use its best efforts to mitigate the effects of such Force Majeure, remedy its inability to perform, and resume full performance of its obligations hereunder. EUROAPI may purchase similar goods and/or services from third parties or take any action to preserve its interest during any period SUPPLIER is unable to fulfill its obligations. The quantities affected shall be excluded from the calculation from any agreed (minimum) volumes specified under the Agreement.

10.4 Subsisting Duties. Except for those commitments identified in the notice of Force Majeure, the affected party shall not be relieved of its responsibility to fully perform all other commitments under the Purchase Order and these Conditions. The affected party shall use its best efforts to mitigate the effects of the Force Majeure, and the parties shall immediately resume performance of their obligations as soon as the Force Majeure ceases.

10.5 Termination Rights. If the Force Majeure continues for a period of more than thirty (30) days from the date of the notice of Force Majeure, the non-affected party shall be entitled, at its sole discretion, to terminate the Purchase Order and the Agreement, in whole, or in part. For further clarity, each party shall bear its own costs and expenses

incurred in connection with the Force Majeure.

11 CONTROLLED CHANGES

The implementation of any changes of and/or improvements related to the Goods and/or performance of the Services including manufacturing processes, (raw) materials (including supply source) and/or any other changes that may impact the Specifications of the Goods and/or the Services requires the prior written approval of EUROAPI. SUPPLIER will inform EUROAPI well in advance of such changes and will enable EUROAPI to control and test the Goods with respect to such change. EUROAPI reserves its right at its sole discretion to immediately terminate the Purchase Order and the Agreement if such change prevents EUROAPI to use such Goods and/or Services due to regulatory requirements under applicable law.

12 TRANSFER - ASSIGNMENT - SUB-CONTRACTING - CHANGE OF CONTROL OF THE SUPPLIER

12.1 Assignment. SUPPLIER shall not assign or transfer, in whole or in part, its rights, interests or obligations hereunder without EUROAPI's prior written consent. If such assignment and transfer occur, SUPPLIER shall remain jointly and severally liable with transferee/assignee for all obligations arising from or related to the Purchase Order, Agreement or these Conditions. EUROAPI may freely assign or transfer any of its rights, interests or obligations under a Purchase Order and Agreement.

12.2 Subcontracting. SUPPLIER is not permitted to sub-contract, in whole or in part, its duty of performance hereunder without EUROAPI's prior written consent. If such sub-contracting occurs, the SUPPLIER shall remain jointly and severally liable with the sub-contractor for all obligations arising from or related to the Purchase Order and the Agreement and these Conditions.
