

# HYDROCORTISONE

## Micronized

Hydrocortisone is a natural **corticosteroid** with anti-inflammatory, anti-allergic and immunosuppressive properties used to treat various inflammatory and allergic disorders.

### PRODUCT FEATURES & MANUFACTURING INFORMATION

**Made in Europe with a high degree of integration**

Flexible packaging: from 10g to 20kg (standard = 20kg), polyethylene bag in a watertight bag under nitrogen atmosphere inside a cardboard drum.

Recommended storage conditions: ambient

Expiry: 5 years

CAS NO.: 50-23-7

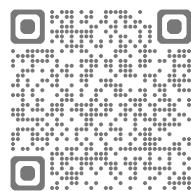

### QUALITY AND REGULATORY COMPLIANCE

Pharmacopeia: EP, USP, JP

Regulatory dossiers: US DMF, JAPAN DMF, CEP, KOREAN DMF, other countries

Suitable for oral use

[www.euroapi.com](http://www.euroapi.com)

### SUPPLY CHAIN RESILIENCE

Strong expertise in corticosteroids

**70+ years of know-how**

Ongoing R&D program for process improvements

Large production capacity

Micronization center of excellence on site

Customized micronization upon request

Fully integrated production

### ENVIRONMENTAL SUSTAINABILITY

Advanced wastewater treatment with activated carbon

Product carbon footprint available upon request

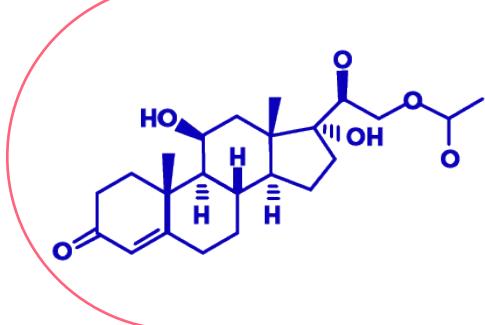

ISO 50 001, ISO 14 001
